The Living for the Brand Cowboy Church

(902 NE Loop 7 in Athens, TX)

Ellen Ofstad is from Fredrikstad, Norway. She has worked as a full time trainer and instructor since 1984 throughout Scandinavia, the Middle East and the United States. Ellen has, during this time, studied horses and their psychology, and many training methods. She speaks English very well and is easy to understand.

Ellen holds individual lessons where the owners themselves work with Ellen and their own horse. So anything is possible.

Ellen will work with you and your horse in 3 individual lessons to create a better relationship and understanding between you. She will work on exercises from the ground and/or in the saddle.

There is a lot to learn from watching others and listening to Ellen if you aren't able to work personally with her.
